Student suggestion on faculty

- It was good
- Teachers can include more group discussions, activities, and practical examples instead of only lectures. This helps students understand concepts better and keeps them more engaged.!
- Exc
- Use better graphics and visual media to engage students well. ... Try to reach every student and ask for their doubts. ... Make teaching a two way interaction
- Nothing, because teaching skill is excellent
- Cause of ma'am I learn python program i never knew that I'll explore this subj
- Nothing
- Good
- Use of practical legal examples and case references Explaining legal concepts with simple case laws, real-life examples, and practical situations would help students better understand the application of law. Clear explanation of basic legal terms and provisions Providing clear and structured explanations of legal terminology, acts, and sections would improve conceptual clarity, especially for students without a legal background. Interactive discussions and application-based learning Encouraging class discussions, hypothetical legal scenarios, and problem-based questions would make the subject more engaging and strengthen analytical thinking.
- Excellent teaching buy teacher
- Teacher are very good teaching for excellent
- Good
- Teaching-learning process ko effective banane ke liye interactive methods jaise group discussion, seminar, presentation aur practical activities ka use badhaya jana chahiye, jisse students ka interest aur participation dono badhe. Classroom me technology ka sahi upyog hona chahiye jaise smart board, projector, online study material aur recorded lectures, taaki students ko topics samajhne aur revise karne me aasani ho.
- Yes
- Use better graphics and visual media to engage students well. Try to reach every student and ask for their doubts. Make teaching a two way interaction
- I'm happy with there teaching quality
- There are best teaching for every teacher they can be easily understand for
- Use of real-world environmental case studies Explaining concepts through real-life environmental issues, sustainability practices, and case studies would help students better understand the practical relevance of the subject. More interactive and activity-based learning Incorporating discussions, project work, field-based examples, and presentations would make the subject more engaging and improve awareness of environmental responsibility. Integration of current environmental policies and practices Regular reference to recent environmental laws, sustainability initiatives, and global practices would enhance students' understanding of environmental management in today's context.
- The learning experience in our institution is good. Teacher are helpful and supportive . More practical activities can improve learning.
- The learning experience in our institution is good. teachers are helpful and supportive. more practical activities can improve lea
- Very nice
- Teaching is excellent
- Interactive teaching methods like discussions, presentations, and practical activities should be used to increase student participation and understanding. Proper use of technology such as smart classrooms, digital resources, and online learning tools should be encouraged for better learnin
- improve teaching-learning, institutions should focus on integrating practical, skill-based learning with technology, fostering interactive, student-centered classrooms (two-way communication & feedback), and strengthening holistic student support (counseling, career guidance) to create a more engaging and effective environment.
- Great
- Ok
- Nice
- No yet
- N
- Nice
